TIRES FOR "A" HOLDERS LIKELY FOR NEXT YEAR

OKLAHOMA CITY, Okla., May 19 (UP)—Tires for "A" gasoline coupon holders next year is a good possibility. A. W. Phillips, Akron, O., B. B. Godrich Company executive, said today at the Southwest Chemurgie Clinic here.

He described the tire situation as "tight" and said it probably would be the end of this year, or later, before new passenger car tires could be made available without a bona fide certificate of essentiality.

MISSOURI GOVERNOR GETS FIRST POPPY

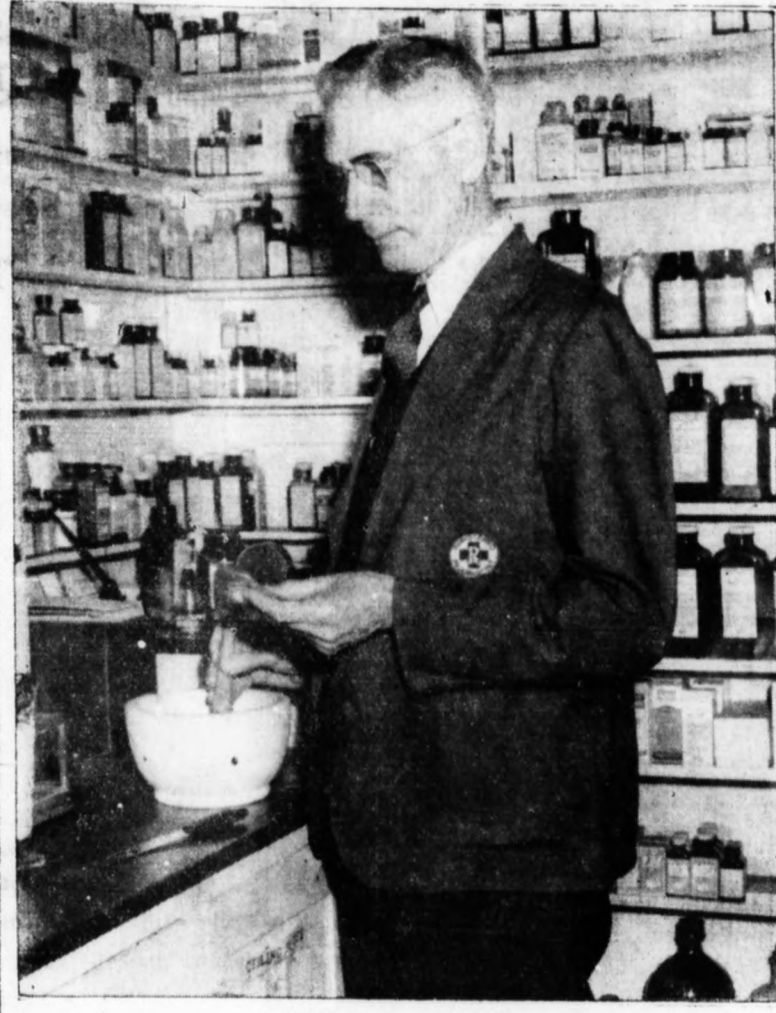

Governor Forrest C. Donnell of Missouri stole a march on the public by accepting the first American Legion Auxiliary poppy, dedicated to the veterans of World War I and the present war, in February. It was presented to him by Mrs. Lottie Long Smith, chairman of the national poppy committee of the Auxiliary, in Kansas City when Governor Donnell arrived to attend the Lincoln Day dinner. He expressed delight in being the first to wear a Memorial Day poppy and evinced great interest in the Auxiliary's poppy program, according to Mrs. Smith.

Mrs. Smith said, in presenting the veteran-made flower, that it was given to the governor in appreciation of his efforts for veterans that were passed by the legislature during Governor Donnell's administration.

20 Years Ago IN GREENCASTLE

Mr. and Mrs. James Albin returned home from Miami, Fla., where they spent the winter.
Elbert Tinscher purchased a new Federal truck for road work from Ott Webb, local agent.
Misses Goldie and Ruby Larkin were visitors in Louisville, Ky.
Miss Nellie Browning was hostess to the S. C. C. Club.

Observes Silver Anniversary

RALEIGH P. MULLINS

Twenty-five years ago today, Friday, May 19, 1919, Raleigh P. Mullins started in the drug business in Greencastle and consequently on his 25th anniversary he was the recipient of hearty and sincere congratulations from his many friends and business associates of the past quarter of a century.

Mr. Mullins' drug store, located on the west side of the public square, is one of the best known firms in Putnam county. He has always handled the best merchandise and through the filling of thousands of prescriptions he probably has one of the widest acquaintances of any merchant in this section of the state.

Mr. Mullins bought out Alonzo Cook, who was located in the old Opera House building. He moved two doors south into his present location in June 1919, changing the interior of his store from the old enclosed style to open display with a prescription department. During his years as a local druggist, Mr. and Mrs. Mullins have sent four daughters through the grade schools, high school and college. Mr. Mullins has been prominently identified with the Chamber of Commerce, the Kiwanis Club, the Masonic and Elks fraternal orders and the First Christian church.

Teen Canteen Will Open Tonight

With the encouragement needed from the citizens of Greencastle, the teen-agers have organized and, as in many cities and towns over the nation, will have a place to which they will be able to go for entertainment. It is the Teen Canteen and will be located in the old high school gymnasium.

The grand opening will be held this evening from 7:30 to 11 o'clock. It will be for Greencastle high school students from 14 to 19 years of age. Following commencement this evening, members of the senior class and their parents will be guests of honor.

On Thursday afternoon the student body held a meeting to nominate officers for the Teen Canteen and the following were named:

President, Charles West; first vice, Bob Patton; second vice, Mildred Greenleaf; third vice, Norma Jean Peabody; fourth vice, Dotty Cowgill; secretary, Mary Mosley and treasurer, David Smith. Board members are Mary Anne Bills, George Stewart, Cleve Hickman, Bob Wilder, Norma Jean Sutherland, Bill Grimes, Jimmy Dunn, Harold Reed and Bob Hirt.

MRS. MARY RANDEL DIES

Mrs. Hattie Arnold received a telegram Thursday morning that her sister-in-law Mrs. Mary Randel wife of D. V. Randel formerly of Greencastle passed away at Abbeville, La., May 17th at 10:30 o'clock.

Sisters here are Mrs. Hester Jackson, Fillmore; Mrs. Chloe Off, of Indianapolis and another sister-in-law, Mrs. Ollie Arnold, Greencastle. Her brothers, Edward and Henry F. have preceded her in death.

SAM HANNA RECALLS DAY IN MULLINS STORE

The observance of the twenty fifth anniversary of R. P. Mullins as a Greencastle druggist caused Sam Hanna to recall most pleasantly his arrival in Greencastle in September, 1919 in the first group of Rector scholars and his employment by R. P. Mullins about three weeks later. He was associated with Mr. Mullins while at DePauw and a year or more when not at the University; having been with R. P. Mullins for a period of over five years.

Other than Mr. Hanna, George Garrett was connected with the firm in its first year of business. Some of those who have been with Mr. Mullins in the past twenty five years are Roy Christy, Vernon Shirley, Russell Welch, Gordon Gauld (deceased), Clifford Miller, Robert Gambold, Howard Earl (in service), Donald Williams, Charles Frantz (deceased), Lewis Long, Mary Beth Bee, Russell Grimes (in service) and Marion Hurst.

Kenneth Sweet has been with the Mullins Drug Store for the past 18 years. Josef Sharp has been employed for the past 3 1/2 years. Mrs. Doris Aker is also with the firm.

FINAL MEETING OF YEAR FOR GIRL SCOUTS

SUMMER CAMP INSTRUCTIONS
ARE GIVEN; MERIT
BADGES PRESENTED

The Greencastle Senior Service Scout Troop held their last regular meeting of the year Tuesday afternoon, May 16, in the basement of Gobin Memorial Methodist Church. Mrs. Dewey Annakin, girl scout camp director, gave the girls instructions concerning their duties as junior counselors at camp this year. The troops also enjoyed a social interlude as guests of the Greenleaf twins in honor of their birthday anniversary. During the party merit badges were presented to Florence Northup, Betty Jane Anderson, Beverly Trembly, and Mildred Greenleaf. The latter was also honored by being presented with the coveted curved bar. Awards were given to Mildred Greenleaf, Mary Lee Ziegelman, Betty Evans, Virginia Arnold, and Marion Greenleaf in recognition of their excellent attendance at meetings.

During the year the girls have been stressing service activities. They have made collections at the thunders for various organizations, checked coats at the Fireman's Ball, rendered secretarial work for a bond drive, made and sold war stamp covers, collected books and magazines, made Christmas toys, aided at the hospital, made hospital bags and prepared tray cloths, taught folk dancing to Brownies, collected silk hose, and participated in various other service activities.

In cooperation with the National Russian Relief Association, the girls have just completed their last project. They have prepared a kit for one of the Russian families returning to their war-torn homes. Specified articles such as sugar, gloves, first aid supplies, sewing equipment, soap, mix, condensed milk, tobacco, towels, bouillon cubes, cookies, knitting needles and hard candy were purchased and packed in a regulation kit. The approximate cost of the kit was three dollars.

The troop is planning to end its season with an overnight hike and camp.

Marshall Field Sued By Avery

CHICAGO, May 19—(UP)—Sewell L. Avery, chairman of the board of Montgomery Ward & Co., filed a \$1,000,000 damage suit against Marshall Field, editor and publisher of the Chicago Sun, in the United States District Court.

The suit charged that four articles entitled "Sewell Avery vs. the People" published in the Sun were "false, scandalous, malicious and defamatory." The articles were written by Thomas F. Reynolds and Charles O. Gridley.

"I think the people are entitled to know why the government was eventually driven to take action," Field said when informed of the suit.

PUTNAM COUNTY WORKERS ATTEND WAR BOND RALLY

PUTNAM COUNTY QUOTA \$1,088,000. LARGEST EVER ATTEMPTED IN DRIVE

"This is it" was the keynote of the Fifth War Loan district meeting that was held in the Terre Haute House on Thursday evening. Guests of Anton Hulman, approximately 300 War Bond workers from the district, comprising seven counties, heard the inspiring words of Eugene Pulliam and other speakers on the importance of the Fifth War Loan drive that gets under way on June 12th.

Pointing out that with our boys on every battlefield ready to give their all that it is reasonable to expect that those on the home front will invest their dollars liberally. Mr. Pulliam was not hesitant in saying that the invasion of western Europe is imminent, and that even though this drive will be the largest ever attempted, he was confident that the citizens of Indiana would back the Indiana fighting men, who have made such an enviable record to the glory of Indiana.

Representing Putnam county at the speaker's table was Mrs. E. Guy Collings of Banbridge, who will lead Putnam county in its drive to sell \$1,088,000.00 in War Bonds. This will be the first time Putnam county's quota has exceeded one million dollars.

Others from Putnam county attending the rally were Albert Shuey, Mr. and Mrs. John Vermillion, Miss Edith Browning, Mr. and Mrs. James Taber, Mr. and Mrs. Wayne Bettis, Mr. and Mrs. Ray Clodfelter, Mrs. Paul McKeehan, Guy Collings, Albert Dobbs, Jos. B. Crosby and J. M. Oliver.

C. C. TUCKER PROMOTED TO RANK OF CAPTAIN

Dr. and Mrs. C. C. Tucker have received word that their son, C. C. Tucker, Jr., who is somewhere in England has been promoted to the rank of a captain. He received his commission as a second lieutenant at Scott Field, Ill., several months ago and was again promoted to the rank of first lieutenant shortly before he was sent overseas.

ACCIDENT AT MT. MERIDIAN

A big truck was wrecked at Mt. Meridian Friday morning when the driver attempted to pass a car and instead, turned his truck in such a way that it overturned. The driver was pinned under the wreckage but he was rescued by citizens of Mt. Meridian who were there almost immediately. He was not seriously injured it was first stated and the state police brought him to Greencastle for treatment.

The semi-trailer truck loaded with cooking gas drums, was driven by Raymond Lantz of O'Fallon, Ill. He was treated for minor injuries at the office of a local physician.

The accident was investigated by police officers, Crawley and Rawley.

Reds Are Active South Of Lwow

MOSCOW, May 19 (UP)—Red Army troops, seizing the initiative on the southern approaches to Lwow, have captured a height of "great importance" in a surprise attack south-east of Stanislawow, the Soviet high command announced today.

The thrust enlarged the springboard from which the Russians are expected to launch a summer offensive against southern Poland and Hungary. The Germans abandoned 90 dead and wounded in their retreat.

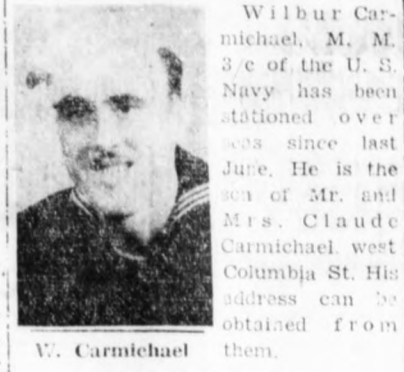

On a neighboring sector, the Soviets killed nearly 400 Germans and captured 40 more in repulsing several enemy attacks.

The Germans also attacked the Soviet bridgehead on the west bank of the Dnister in an attempt to regain positions lost the previous day, but fell back after losing 600 men and seven tanks.

In northern White Russia, three detachments of German infantry attempted to reconnoissance raid on Soviet positions southeast of Vitebsk following an artillery hand mortar barrage. The Russians held their fire until the enemy was within close range, then opened up a strong barrage. The Germans left 60 dead on the battlefield.

Planes of the Baltic fleet air arm were credited with sinking a 3,000-ton transport, damaging seriously another and shooting down nine enemy planes in a raid on an unidentified enemy port.

STRIKE AT LAST STRONG BARRIERS TO ETHERAL CITY

TWIN ATTACKS THREATEN VIETNAM. AL ANCHORS OF ADOLF HITLER LINE

LONDON, May 19.—(UP)—RAF bombers resumed their pre-invasion pounding of axis Europe last night and the Nazi radio reported that British-based American daylight raiders, weather-bound for the past three days, were striking at north-western Germany today.

ALLIED HEADQUARTERS, NAPLES, May 19.—(UP)—The allies smashed to within striking distance of Itri and Piedimonte today in twin drives that threatened to turn both the northern and southern anchors of the Adolf Hitler Line, last formidable barrier on the roads to Rome.

Thrusting to within 70 miles of Rome, American troops reached the outskirts of Itri, one of the main southern anchors of the Hitler Line, in an advance of nearly five miles along the main coastal road from newly-captured Formia.

The Eighth Army, swiftly exploiting its capture of Cassino on Via Cassina, drove to within a mile and a half of Piedimonte, northern anchor of the Hitler line, and near Aquino, another stronghold in the defense belt.

Gen. Sir Harold R. L. G. Alexander said the two allied armies were pressing the enemy "vigorously back against the Adolf Hitler Line" as the Rome-bound offensive went into its second week as much as 17 miles beyond its jumping-off points in some sectors.

"French and American troops of the Fifth Army have continued their drive across the mountains south of the Liri river and now are in contact with the enemy on hill features which constitute the southern bastions of the line," the communique said.

The twin drives toward Itri and Piedimonte indicated that the main (Continued on Page Six)

47 Allied Airmen Killed By Nazis

LONDON, May 19.—(UP)—Forty-seven Royal Air Force, Dominion, and allied air officers were shot and killed by the Germans after a mass escape from the Nazi prison camp Stalag Luft 3, Foreign Secretary Anthony Eden told Commons today.

Information furnished by Switzerland disclosed that some were shot while resisting arrest and others during a new attempt to escape after being recaptured. Eden said. Of 76 who participated in the original escape, he said, 15 were recaptured and 14 still were at large.

There was no immediate indication whether any Americans were among the officers who escaped or who were shot.

Stalag Luft 3 is situated at Sagan, 50 miles northwest of Dresden.

The mass escape occurred March 26, but a representative of Switzerland, the protecting power, learned of the incident only during a routine visit to the camp April 17, Eden said.

"The government was profoundly shocked by this news and have urgently requested the protecting power to demand of the German government a full and immediate report of the circumstances under which these men met their deaths and an explanation of its failure to report the facts at once to the protecting power," Eden said.

The names of the men shot were furnished by the Swiss representative and the next-of-kin already have been informed, he added.

"The House will wish me to express its deepest sympathy with the relatives and pay tribute to the courage and high sense of military duty shown by all these gallant officers," Eden said.

YANKS CAPTURE JAPANESE AIR BASE AT WAKDE

INVASION FORCES IN 125-MILE AMPHIBIOUS JUMP FROM HOLLANDIA

ALLIED HEADQUARTERS, Southwest Pacific, May 19.—(UP)—Capture of the big Wakde air base by American invasion forces in a 125-mile amphibious jump from Hollandia presages the re-conquest of all Dutch New Guinea, whose western tip lies only 650 miles from the Philippines, Gen. Douglas MacArthur announced jubilantly today.

The invaders already were spreading out east and west of the Wakde area along the Dutch New Guinea coast against what MacArthur described as "only trifling opposition."

American seaborne troops, covered by a naval and air bombardment, seized Wakde Island, 1,250 miles southeast of the Philippines, nearby Insoemanai Island and the adjacent Toem area of the north coast of Dutch New Guinea Thursday in a surprise landing that quickly overwhelmed negligible enemy resistance.

"Possession of the Wakde airbase will give us adequate air coverage over all Dutch New Guinea and the success of the operation presages the re-conquest of the entire province," MacArthur said in a communique disclosing the seventh, eighth, and ninth American leap-frog landings along the New Guinea coast in the past month.

U. S. army engineers already were believed readying the captured Wakde air base for the new offensive operations implied by MacArthur. Its coral-surfaced runway extends 4,700 feet and could be lengthened easily to 7,000 feet, recent reconnaissance photographs revealed.

Not only will allied planes be able to cover all Dutch New Guinea's 151,000 square miles from Wakde, but they also will be within easy bombing range of the Palau Islands, 395 miles to the north and the main east defense outpost of the Philippines.

American troops landed first at Toem village, 125 miles west of newly-conquered Hollandia, Wednesday, then swarmed across two miles of water to Wakde and Insoemanai Islands under cover of a bombardment by American and Australian cruisers, destroyers, rocket-firing landing craft and planes. Occupation of the area was completed Thursday.

At Toem, Japanese troops were "completely surprised and his (the enemy's) defenses were negligible," MacArthur's communique said.

Sniper and mortar fire were encountered at Wakde, but American casualties were, officially described as light. Insoemanai, apparently was undefended.

A BREAKFAST BOMBING

Some Greencastle residents were "awakened" either before or at breakfast this morning when a Flying Fortress, 4 motored bomber went over the city at tree-top height. It was flying west and, for one of the big bombers, was extremely low.

SENATOR CHARGES

WASHINGTON, D. C., May 19.—(UP)—Republican Senator William Langer of North Dakota charges that farm machinery is being shipped to other countries under lend-lease while American farmers are unable to obtain even replacement parts.

Langer, the only senator who voted against the extension of the lend-lease program recently, added that exports of farm machinery under the defense program influenced his vote.

Veterans Bill Is Passed By House

WASHINGTON, May 19.—The House of Representatives today passed the Veterans' Bill of Rights, which would give veterans a number of new rights, including the right to a job, to a home, to a pension, and to a number of other benefits.

The bill, which was introduced by Representative William C. Cramer of Tennessee, passed the House by a vote of 387 to 0. The bill would give veterans a number of new rights, including the right to a job, to a home, to a pension, and to a number of other benefits.

Passage followed more than a week of debate, most of which was devoted to the educational provisions, which finally were retained almost intact as written by the House veterans' committee.

The committee virtually rewrote the measure passed by the Senate before the Easter recess and a protracted conference is expected to be necessary to compromise differences between the two branches.

The labor issue was injected into the debate shortly before passage by amendments offered by Representatives Marcantonio, American Labor, New York, and Smith, Democrat, Virginia.

Marcantonio sought to strike from the measure a ban against payment of unemployment benefits to veterans who engage in work stoppages resulting from labor controversies. The ban, he told the House, was "anti-labor in scope and concept."

The New Yorker's proposal to eliminate the language was rejected by a standing vote of 122 to 28.

Smith's amendment would have made it illegal for anyone to "demand or receive any money or other thing of value from any veteran as a condition of unemployment, or require his membership, or non-membership, in any organization, as a condition of employment."

It was rejected by a standing vote of 112 to 19 after Marcantonio and others assailed it as "the open shop amendment" and a move toward the "exploitation of veterans."

Smith told the House the amendment was necessary because of "the wave of closed shop agreements" since the war started. Without it, he contended, many veterans would be unable to obtain jobs after their discharge unless they joined a union and paid initiation fees and dues. Veterans, he said, should not be required to "pay tribute to any man on earth."

As passed by the House, the bill provides these benefits for veterans: Twenty-six weeks of unemployment compensation at \$20 weekly (the Senate provided for fifty-two weeks at rates ranging from \$15 to \$25 weekly).

The right to attend schools of their own choice for a maximum of four years at government expense provided tuition and other fees do not exceed \$500 annually; qualified veterans without dependents would receive \$50 monthly for subsistence while in school, with \$75 for those with dependents; however, veterans who were over 24 at the time of entrance into service would be required to show that war service had interfered with their schooling or that

they were in need of a refresher course. The veteran would be allowed to attend a college, trade school or vocational school of his own choice, provided it was approved by state educational authorities or the Veterans' Administration.

The Senate bill contained no requirement that the veteran show that his education was interfered with by his war service.

The loan provisions of the two measures differ sharply. The Senate authorized the Veterans' Administration to make loans up to \$1,000 for home purchase or construction, for the purchase of a farm or farm equipment or for business purposes. The House decreed that the loans be made by usual lending agencies, with the Veterans' Administration guaranteeing repayment of 50 per cent of the principal up to a maximum guarantee of \$2,500.

The Senate bill provided for, as assumed by the government of interest charges on loans for the first year and a maximum of 3 per cent interest thereafter. The House measure requires the government to bear the interest charges for the first two

years and fixes a maximum interest rate of 6 per cent thereafter. Loans under both proposals would be repayable in twenty years.

Defeated, on voice votes, were amendments to continue payment of allotments and allowances for six months after discharge; to forgive income tax payments due from veterans at the time they entered service, and to provide benefit payments to dependents of disabled veterans.

Left virtually intact by the House were Senate provisions providing for a job placement or employment service for veterans unable to find work.

Chairman Rankin, Democrat, Mississippi, of the veterans committee estimated total cost of the bill at \$6,510,000,000.

INDIANAPOLIS HALTS SHIPMENT OF HOGS

INDIANAPOLIS, May 19—Ship-
ment of hogs to the Indianapolis
Union Stockyards was placed under
an embargo Friday until further
notice.

The ban on hogs, decided upon at
a meeting of the hog committee of
the joint market improvement com-
mittee at the yards, became effective
at noon Friday.

The announcement said:
"This action is deemed necessary
to correct the physical conditions of

the yards and is in the interest of
patrons of this market. This em-
bargo applies to hogs only and does
not affect other species of live-
stock."

Although receipts of hogs have
been lower this week than last week
the demand has slumped and hogs
are not being moved promptly, the
Office of Distribution of the AAA
Food Administration said.

REGAINS 20 LBS. TAKING RETONGA; BACK ON JOB

He Had Been Victim Of Nervous Indigestion And Sluggish Elimination Until He Could Hardly Eat, Sleep Or Work, Says Mr. Brooks. Feels Like Different Man, Now.

"I was twenty pounds underweight and I suffered so much from nervous indigestion that I felt miserable all the time. Retonga not only gave me the relief I so badly needed, but I have regained twenty pounds and I feel like a different person," gratefully declares Mr. Turner Brooks, Route 5, Madisonville, Ky., for twenty-two years a miner for the Pine Hill Coal Company.

"I fought nervous indigestion for about five years," continued Mr. Brooks, "and although I tried many medicines, diets, and treatments I seemed to get nowhere. My nerves got into such a shape that I could sleep only a few hours during the night, and this made me feel very weak all the next day. I surely had a time with constipation, and it took the most powerful laxatives I could use to give me any relief at all. I lost twenty pounds in weight, and I lost many days from work."

"I was simply amazed at the relief Retonga gave me. I am ravenous at every meal. I have regained the twenty pounds I lost, and I sleep fine. The constipation is relieved too. I am on the job every day feeling fine. Retonga is the finest medicine I ever saw."

Retonga is intended to relieve distress due to Vitamin B-1 deficiency, constipation, insufficient flow of digestive juices in the stomach, and loss of appetite. Accept no substitute. Retonga may be obtained at Mullins Drug Store.—Adv.

PIONEER
says "Thank You!"

★ To our loyal friends who are with us again this year, and to the many new customers who have joined them in planting PIONEER Quality Hybrid Seed Corn, we send our sincere thanks... And our assurance that the PIONEER you have planted

FOR YOUR PROTECTION—PIONEER'S REPLANTING AGREEMENT

For your sake, we hope you'll never need it, but remember this PIONEER "extra" which is maintained for your protection: Should you fail to get a stand of PIONEER corn, for any reason, PIONEER will furnish the seed for replanting, free of charge. All we ask is that you call our local representative to see the field before you disc it up.

USE THE CONDITIONAL ORDER PLAN

This convenient PIONEER service gives you a "priority" on seed for next year, because orders placed under this plan get preference in delivery... Yet you are not obligated. You have the option of changing, cancelling or confirming the order when prices are set in the fall... a big advantage to you, and a help to us in serving you. See your local PIONEER representative.

YES, THIS IS BLOODY TARAWA—TODAY

It was this way after the battle...

And here is how it is today... baseball game and no Japanese around to bother anyone.

TARAWA, a tiny atoll in the Gilbert islands, will go down in history as the site of the bloodiest battle in Marine Corps records. It was here that the gallant Marines suffered great loss of life and many wounded as they stormed ashore on the tiny isle which had been made into a fortress by the Japanese. Tarawa, now in American hands, presents a different picture today. Where battle raged on the beaches the American defenders now play baseball. The Navy's Sea Bees moved in after the battle and renovated the island. (International)
